## Lesson 1

# No Taxation Without Representation

**ESSENTIAL QUESTION** Why does conflict develop?

## IT MATTERS BECAUSE

*Conflict between the American colonies and the British began to deepen in the years after the French and Indian War.*

## Dealing with Great Britain

**GUIDING QUESTION** Why did the British government establish new policies?

After their victory in the French and Indian War, the British controlled much of North America. Now they had to protect all this territory. To meet this challenge, King George III issued the Proclamation of 1763. This order **prohibited**, or barred, colonists from living west of the Appalachian Mountains, on Native American land. For the British, the proclamation offered several advantages. It helped keep peace between Native Americans and settlers. It also kept colonists near the Atlantic Coast, where British authority was stronger. Finally, it allowed Britain to control westward expansion and the fur trade in the region. The king sent 10,000 troops to the colonies to enforce the Proclamation of 1763 and keep the peace with Native Americans.

## Enforcing Trade Laws

Great Britain needed new **revenue**, or income, to pay for the troops. The British also had large debts from the French and Indian War. The king and Parliament felt the colonists should pay part of these

costs, so the British government issued new taxes on the colonies. It also enforced old taxes more strictly. To avoid taxes, some colonists resorted to smuggling. This caused British revenues to fall.

In 1763 Britain's prime minister, George Grenville, set out to stop the smuggling. Parliament passed a law to have accused smugglers tried by royally appointed judges rather than local juries. Grenville knew that American juries often found smugglers innocent. Parliament also empowered customs officers to obtain **writs of assistance**. These documents allowed the officers to search almost anywhere—shops, warehouses, and even private homes—for smuggled goods.

## The Sugar Act

In 1764 Parliament passed the Sugar Act, which lowered the tax on the molasses the colonists imported. Grenville hoped this change would convince the colonists to pay the tax instead of smuggling. The act also allowed officers to seize goods from accused smugglers without going to court.

**2 CRITICAL THINKING**  
*Identifying Central Issues*  
How did residents of Britain and the American colonists pay their shares of the debt?

Great Britain's national debt soared as a result of the French and Indian War. Subjects living in Great Britain paid more on this debt per person than people living in the colonies. British efforts to get colonists to pay a bigger share of war-related debt led to sharp conflict.

The Sugar Act angered many colonists. They believed this and other new laws **violated** their rights. As British citizens, colonists argued, they had a right to a trial by jury and to be viewed as innocent until proved guilty, as stated in British law. Colonists also believed they had the right to be secure in their homes—without the threat of officers barging in to search for smuggled goods.

British taxes also alarmed the colonists. James Otis, a lawyer in Boston, argued:

## New Taxes on the Colonies

**GUIDING QUESTION** *How did the American colonists react to British policies?*

In 1765 Parliament passed the Stamp Act. This law taxed almost all printed materials. Newspapers, wills, and even playing cards needed a stamp to show that the tax had been paid.

### Opposition to the Stamp Act

The Stamp Act outraged the colonists. They argued that only their own assemblies could tax them. Patrick Henry, a member of the Virginia House of Burgesses, got the burgesses to take

action. The assembly passed a **resolution**—a formal expression of opinion—declaring that it had “the only and sole exclusive right and power to lay taxes” on its citizens.

In Boston, Samuel Adams helped start the Sons of Liberty. Its members took to the streets to protest the Stamp Act. Protesters burned **effigies** (EH•fuh•jeez)—stuffed figures—made to look like unpopular tax collectors.

Colonial leaders decided to work together. In October, delegates from nine colonies met in New York at the Stamp Act Congress. They sent a statement to the king and Parliament declaring that only colonial assemblies could tax the colonists.

People in colonial cities urged merchants to **boycott**—refuse to buy—British goods in protest. As the boycott spread, businesses in Britain lost so much money that they demanded Parliament **repeal**, or cancel, the Stamp Act. In March 1766, Parliament repealed the law. However, it also passed the Declaratory Act, stating that it had the right to tax and make decisions for the British colonies “in all cases.”

### The Townshend Acts

The Stamp Act taught the British that the colonists would resist internal taxes—those paid inside the colonies. As a result, in 1767 Parliament passed the Townshend Acts to tax imported goods, such as glass, tea, and paper. The tax was paid when the goods arrived—before they were brought inside the colonies.

By then, *any* British taxes angered the colonists. Protests of the Townshend Acts began immediately. In towns throughout the colonies, women protested by supporting another boycott of British goods. They also urged colonists to wear homemade fabrics rather than buying fabric made in Britain. Some women’s groups called themselves the Daughters of Liberty.

#### PROGRESS CHECK

**Contrasting** How did the Townshend Acts differ from the Stamp Act?

A British government official placed this seal, or stamp, on certain paper items in the colonies to show that the tax on them had been paid.

## Uniting the Colonists

ESSENTIAL QUESTION Why does conflict develop?

## IT MATTERS BECAUSE

*Harsh British actions aimed at controlling the colonies united them instead.*

## Trouble in Massachusetts

GUIDING QUESTION How did the American colonists react to the Boston Massacre?

Protests continued to flare in the colonies, making British officials nervous. In 1768 they sent word to Britain that the colonies were on the brink of **rebellion**—a rejection of British authority. Parliament sent troops to Boston. As angry colonists jeered, the “redcoats” set up camp in the center of the city.

For many colonists, this British act went too far. First the colonists were convinced that the British had passed laws that violated colonial rights. Now Britain had sent an army to **occupy**, or take control of, colonial cities.

To make matters worse, the soldiers in Boston acted rudely. The redcoats, who were mostly poor men, earned little pay. Some stole from local shops and got into fights with colonists. Also, in their off-hours, the soldiers competed for jobs that Bostonians wanted.

## Tension in the Streets

On March 5, 1770, violence erupted. A fight broke out between some Bostonians and soldiers. As British officers tried to calm the crowd, a man shouted, “We did not send for you. We will not have you here. We’ll get rid of you, we’ll drive you away!”

The angry townspeople surged forward. They began throwing sticks and stones at the soldiers. “Come on, you rascals, you bloody backs, you lobster scoundrels, fire, if you dare,” someone in the crowd shouted.

After one soldier was knocked down, the nervous redcoats did fire. They killed five colonists. Among the dead was Crispus Attucks, a dockworker who was part African, part Native American. One Bostonian cried: “Are the inhabitants to be knocked down in the streets? Are they to be murdered . . . ?” The colonists called the tragic **encounter** “the Boston Massacre.”

## Spreading the News

Colonial leaders used the killings as **propaganda**—information designed to influence opinion. Samuel Adams put up posters that described the Boston Massacre as a slaughter of innocent Americans by bloodthirsty redcoats. Paul Revere made an engraving that showed a British officer giving the order to open fire on an orderly crowd.

The Boston Massacre led colonists to call for stronger boycotts of British goods. Troubled by the growing opposition in the colonies, Parliament repealed all the Townshend Acts taxes on British imported goods, except the one on tea. In response, the colonists ended their boycotts, except on tea. Trade with Britain resumed.

Still, some colonists continued to call for resistance to British rule. In 1772 Samuel Adams revived the Boston **committee of correspondence**, a group used in earlier protests. The group circulated calls for action against Britain. Soon committees of correspondence sprang up throughout the colonies, bringing together protesters opposed to British measures.

### PROGRESS CHECK

**Explaining** How did the Boston Massacre affect the relations between the colonists and Britain?

## Crisis in Boston

**GUIDING QUESTION** *How did the British government react to the actions of the colonists?*

The British East India Company was vital to the British economy. Colonial refusal to import British East India tea had nearly driven the company out of business. To help save the company and protect the British economy, Parliament passed the Tea Act.

Crispus Attucks was the first colonist killed by the British in the Boston Massacre.

**rebellion** open defiance of authority

**Build Vocabulary: Multiple Meaning Words**  
As a verb, the word *encounter* means “to come across or meet.” As a noun, *encounter* can mean “a chance meeting” or “a sudden, often violent, meeting between hostile people.”

Colonists angry at the restrictions of the Tea Act staged a dramatic protest. They threw three shiploads of British tea into Boston Harbor.

► **CRITICAL THINKING**

**Analyzing** Why were American colonists especially angry with the Tea Act?

It gave the company nearly total control of the market for tea in the colonies. The Tea Act also removed some—but not all—of the taxes on tea, making it less expensive for colonists. Yet the colonists remained angry. They did not want to pay any tax, and they did not want to be told what tea they could buy.

Colonial merchants called for a new boycott. Colonists vowed to stop East India Company ships from unloading. The Daughters of Liberty issued a pamphlet declaring that rather than part with freedom, “We’ll part with our tea.”

### **A Tea Party**

Despite warnings of trouble, the East India Company continued shipping tea to the colonies. Colonists in New York and Philadelphia forced the tea ships to turn back. In 1773, three ships loaded with tea arrived in Boston Harbor. The royal governor ordered that they be unloaded. The Boston Sons of Liberty acted swiftly. At midnight on December 16, colonists dressed as Native Americans boarded the ships and threw 342 chests of tea overboard. As word of the “Boston Tea Party”

spread, colonists gathered to celebrate the bold act. Yet no one spoke out against British rule itself. Most colonists still saw themselves as loyal British citizens.

## The Intolerable Acts

When news of the Boston Tea Party reached London, King George III realized that Britain was losing control of the colonies. He declared, "We must either master them or totally leave them to themselves."

In 1774 Parliament responded by passing a series of laws called the Coercive Acts. *Coercive* (co•UHR•sihv) means to force someone to do something. These laws were meant to punish the colonists for resisting British authority. One Coercive Act applied to all the colonies. It forced the colonies to let British soldiers live among the colonists. Massachusetts, though, received the harshest treatment.

One of the Coercive Acts banned town meetings in Massachusetts. Another closed Boston Harbor until the colonists paid for the ruined tea. This stopped most shipments of food and other supplies to the colony. Parliament was trying to cut Massachusetts off from the other colonies. Instead, the Coercive Acts drew the colonies together. Other colonies sent food and clothing to support Boston.

Following the Coercive Acts, Parliament also passed the Quebec Act. This law created a government for Canada and extended its territory south all the way to the Ohio River. This action ignored the colonies' claims to that region.

The colonists believed all of these new laws violated their rights as English citizens. They expressed their feelings about the laws by calling them the Intolerable Acts. *Intolerable* means painful and unbearable.

King George's determination to take a firm stand against the colonies after the Boston Tea Party failed to resolve the growing crisis. In fact, colonial anger grew.
