

Science Poster- Lab Safety

Good preparation helps you stay safe in a lab. Safety symbols alert you to possible dangers when working in a science lab. They remind you to work carefully. They also identify any safety equipment that you should use to protect yourself from potential hazards. Students should be familiar with each safety symbol and as such they were asked to:

Design a poster using 5 of the lab safety symbols used in a science lab. The poster should include the 5 safety symbols, safety rules that apply to each and clear directions about each symbol.

(5 – 6) sentences

Your poster **must not** be larger than **14 inches by 12 inches** in dimension/size.
